*Let Our Quality Be Your  
Guide To Better Seedlings*

# WHEN AND HOW TO PLANT TREES

Experience has taught us that best results are usually obtained from Spring planting, March 25 to May 15. Our earliest shipping dates in the past as governed by the weather has been the last week in March. Although Fall planting is sometimes satisfactory we don't recommend it and do not take seedling orders for Fall shipment, except on special conditions.

Take care of your Nursery Stock immediately upon its arrival. If possible plant at once when you receive shipment. Roots should not be exposed to sunlight or drying winds. If weather is too cold for planting put the box or bundle in a cool but frostproof cellar and moisten roots. If you are not ready to plant, heel stock in the ground. Heel in your trees in a place where they will have protection from the sun and wind, a place convenient to the planting site and if possible in a shaded location such as the north side of a building or woodlot. Dig a trench deep and wide enough to hold the roots without crowding. Place the roots in the bottom of the trench and spread out the trees so the dirt can be filled in about the roots to exclude air. Then heap more soil on the roots to cover roots completely and pack firmly. If ground is too dry moisten the dirt about the roots.

It is not necessary to prepare the soil in any way before planting, as the additional expense is not justified and we find that grass and weeds prove a benefit in conserving the moisture and a shade during the first few years after planting. Do not use any kind of fertilizer on the soil. Immerse roots of trees in a bucket of soupy mud to keep the roots from drying out. Dig a hole deep enough to accommodate the roots and firmly pack the soil around the roots. When trees are planted too close together, they crowd and the resulting competition speeds the height growth and tends to make a poor Christmas tree. Spacing trees 4 by 4 ft. requires approximately 2700 per acre and can be used where thinning is contemplated at an early age; 5 by 5 ft. require approximately 1700 and is most generally used as it allows for thinning and will still leave a good stand for timber; 6 by 6 ft. requires approximately 1200 per acre and is recommended where trees are planted for forest products and no early thinning is to be done.

We believe that the best way to build a lasting and pleasant business is to produce the best plants possible and to sell them at a reasonable price.

We have very nice seedlings, stocky with healthy root systems. We grade very carefully, eliminating poor, small spindly seedlings that will have a hard time growing, and thus package a very high quality product.

The old saying that "Anyone can make an inferior product, cheaper" still holds true. Our low prices are the best possible for a quality package. We could cut quality and sell lower but we have built our business through the faith of our customers that know they will get the best and the most for their dollar from us in a quality package.

We depend a great deal on our customers recommending our products to others. We hold down advertising costs by letting our customers advertise for us and our customers get the benefit of our lower costs in the form of lower prices on our seedlings.

We know we are pleasing old customers. Why not let us prove that we can make old customers out of new ones?

**GIVE US A TRIAL ORDER — WE GUARANTEE  
YOUR SATISFACTION**

Give Us a Trial Order. We Guarantee Your Satisfaction.

## REMARKS

---

## TERMS

Prices subject to change without notice. Prices are F. O. B. Shelocta, Pa. We do not extend credit. Our low prices are for cash.

All orders must be accompanied with a 25% down payment, balance prior to shipment or shipment will be sent C. O. D. There is a 50c packing charge on seedling orders less than 1000. No packing charge on special offers. Orders over 1000 will be packed free. Our free packing is your discount except that our prices are subject to a 5% discount on quantities of 25,000 or more. Send want list for special quotations on larger orders.

Special offers on back page will be sent postage prepaid if they are paid for in full at time of ordering; otherwise they will be sent postage C. O. D.

50 of one size and kind at 100 rate.

500 trees at the 1000 rate.

Our liability ceases when trees are delivered to carrier. If breakage occurs or if stock suffers through delay in transit claims should be made on the transportation company immediately.

We accept orders on the following basis: We do our best to ship stock to arrive at destination on your specified date. However due to changing weather in early spring we can not always guarantee to have trees at a destination on a definite date.

We try very hard to keep our stock true to name and will upon proper proof replace any stock that is found otherwise; but it is mutually agreed that we will not be responsible for more than the original purchase price.

We always strive to send out the best possible, healthiest trees and when trees leave our nursery they are in tip-top condition. Since we have no control over them after they leave here we cannot guarantee their survival if they are not properly handled or planted or if the weather is too dry or for any other reason that may cause poor survival.

We reserve the right to cancel orders if necessitated by weather conditions or for any other reason beyond our control.

#### PLEASE NOTE

Some items are in limited supply. May we advise booking your order now and avoid disappointment.

In presenting you with our '57 Spring Wholesale Price List we wish to thank our customers and friends for their liberal patronage given us in the past and we hope for the pleasure of serving you again in the future.

We believe these are the nicest seedlings and transplants we have ever grown. We invite your inspection.

Our Nursery Sales office is open weekdays 8:00 a. m. to 4:30 p. m. Sundays by appointment only. Phone at Nursery, Elderton 2461; Nights, Tony Canale, Elderton 3505 or Gene Bricillo, Indiana 5-2523.

### LANDSCAPE AND ORNAMENTAL STOCK

The following items are available for Spring '57. Some are well developed two and three times transplanted, two and three times sheared. Others are transplanted lined out stock that will grow in value rapidly. Some are stock from our many acres of lined out Christmas Tree Plantations.

Items marked with \* are Balled and Burlaped and orders for these must be placed well in advance and picked up at Nursery. We will not ship B & B items. They must be picked up at Nursery. We invite your inspection.

#### ARBORVITAE

Ornamental and very good for hedge. Priced right to sell. These are shipped bare-rooted. Roots packed in sphagnum moss, 6-8 year twice transplanted. Will develop into nice specimens in a few years. Start them now.

		per 10	per 50
2 to 3 ft.	each	\$1.50	each \$1.40
	each	1.75	each 1.60
	each	2.00	each 1.90

#### \*ARBORVITAE

Balled and Burlaped.

*B&B	2 to 3 ft.	each \$2.50
*B&B	3 to 4 ft.	each 3.00
*B&B	4 to 5 ft.	each 4.00

#### \*GLOBE ARBORVITAE

Low growing, globe shape.

*B&B	6-9 inch spread	8-12 inch height	each \$1.50
*B&B	8-12 inch spread	12-16 inch height	each 2.00

#### AUSTRIAN PINE

Pinus nigra-Hedge, windbreak or specimen. Stays green all year. Because it is fast growing it is used more and more as an ornamental for covering unsightly views. With a minimum of shearing it develops into a very bushy tree.

2-2	8-16 inch	per 100	\$20.00
	2 to 3 ft.	each	2.75
	3 to 4 ft.	each	3.25
	4 to 5 ft.	each	4.50

#### COLORADO BLUE SPRUCE

Seedling grown from the best seed available. One of the best ornamentals. Grows rather slow but bushy.

2-2	8-12 inch	per 100	\$30.00
	2-2-2	10-12 inch	each 75c
	2-2-2	12-18 inch	each 1.00
		12-18 inch	each 2.00
*B&B		18-24 inch	each 2.75
		24-30 inch	each 3.25
		30-36 inch	each 4.00

#### \*DOUGLAS FIR

Is one of the best for Christmas Trees and also makes a wonderful tree for ornamental use.

*B&B	18-24 inch	each \$2.00
*B&B	24-36 inch	each 3.00
*B&B	3 to 4 ft.	each 4.00

#### MUGHO PINE

True dwarf, stays green all year. Grows compact and with shearing can be kept to shape you desire. One of the best ornamental Pines.

Semi-finished	4 year	3-6 inch spread	each 25c
		3-8 inch high	each 75c
		6-10 spread	each 1.00
		6-12 inch high	8-14 spread

# MILLIONS OF QUALITY SEEDLINGS

# LANDSCAPE AND ORNAMENTAL STOCK

## NORWAY SPRUCE

Most rapid growing of the Spruce Family. Should be sheared for bushy development. Short green needles for good contrast with your other ornamentals.

	3-2	10-18 inch	per 100 \$25.00
*B&B		2 to 3 ft.	each 2.50

## \*SCOTCH PINE

Besides being the best selling Christmas Tree in this area it is being used more and more for ornamental purposes where fast growth is needed to cover unsightly views. With some shearing Scotch Pine makes for a fast growing, bushy tree.

*B&B	2 to 3 ft.	each \$2.50
*B&B	3 to 4 ft.	each 3.50

## \*WHITE PINE

Good for specimen, windbreak or hedge. Fast growing, soft foliage and smooth, straight trunk.

*B&B	2 to 3 ft.	each \$3.00
*B&B	3 to 4 ft.	each 3.50

## CELASTRUS SCANDENS

American bittersweet. Hardy, vine like growth to cover banks and choke out unsightly weedy growth. Very good dense root systems with many top shoots. Pruned back to apx. 12-15 inches for easier shipping.

each 35c

## \*EUONYMUS FORTUNEI ERECTA

Big leaf winter creeper. Pruned back to apx. 10-15 inches, height and spread. Nicely branched.

*B&B		each \$1.75
------	--	-------------

## \*EUONYMUS RADICANS COLORATUS

Low vine like creeper. Pruned back to 10-14 inch spread.

*B&B		each 1.00
------	--	-----------

## \*JUNIPER ANDORA

Low spreader, used for ground cover, steep banks or hedge.

*B&B	12-15 inch spread	each \$1.75
*B&B	15-18 inch spread	each 2.25

## \*JUNIPER COMMUNIS HIBERNICA

Irish Juniper. Narrow upright.

*B&B	18-24 inch spread	each \$1.75
*B&B	24-30 inch spread	each 2.50

## \*JUNIPER HETZI GLAUCA

Blue Pfitzer or Hetz Juniper. Stays green all year, fast growing—One of the nicest of all Juniper.

*B&B	15-24 inch spread	each \$2.25
*B&B	24-30 inch spread	each 3.00

## LONICERA JAPONICA HALLIANA

Halls Japanese Honeysuckle. Vine like creeper. Best for ground cover on steep banks. Dense root growth and many top branches, pruned back to apx. 12-20 inches for easy shipping.

each 40c

## \*RETINOSPORA FILIFERA AUREA

*B&B	12-15 inch	each \$1.50
*B&B	15-24 inch	each 2.00

## \*RETINOSPORA PLUMOSA AUREA

Pruned globe shape.

*B&B	8-12 inch high and spread	each \$1.50
------	---------------------------	-------------

## THUJA OCCIDENTALIS

American arborvitae for lining out. Nicely branched, will develop rapidly.

2-2	8-12 inch	per 100 \$15.00
2-2	12-16 inch	per 100 25.00
2-2	16-22 inch	per 100 35.00
